

TO THE MOON

**BITCOIN
PERSONAL
FINANCE APP**

Interactive Tools & Strategy for Personal
Finances and Wealth using Bitcoin

Core Features

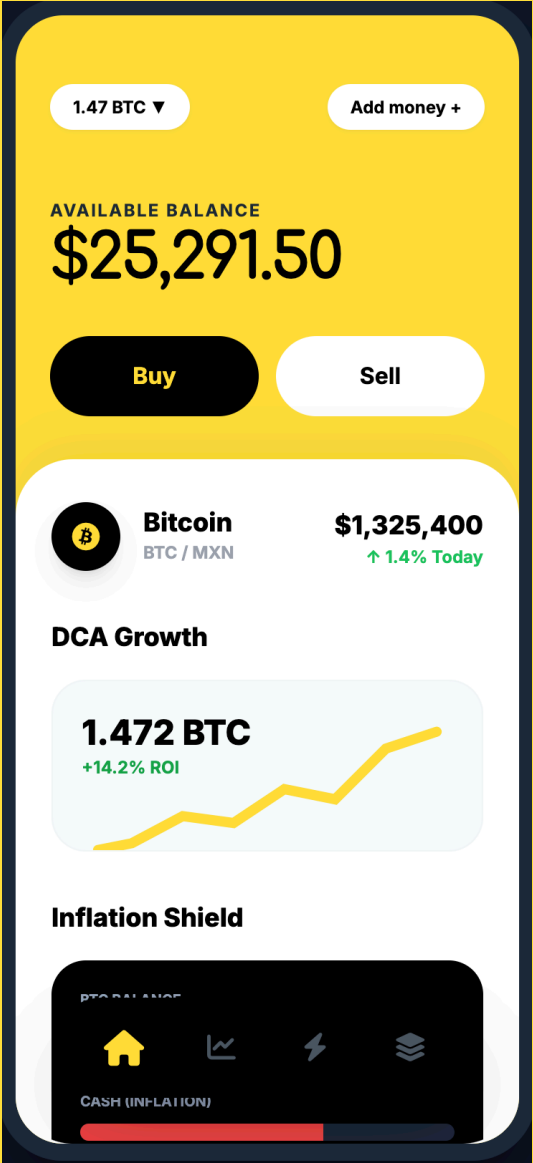

Transforming daily finance pains on
investment opportunities with Bitcoin

Teach you how to overcome hurdles in
your daily expenses using Bitcoin

Use sats for spending on every day
commerce and markets

User friendly UI with a secure self-
custodian Bitcoin wallet

To The Moon App

Explore Tools

52 Tools for Financial Freedom

Banking Alts

Compare APY and track BTC flows daily.

Daily Spending

Sats converters and Lightning merchant maps.

Debt & Credit

BTC collateral loans and payoff simulators.

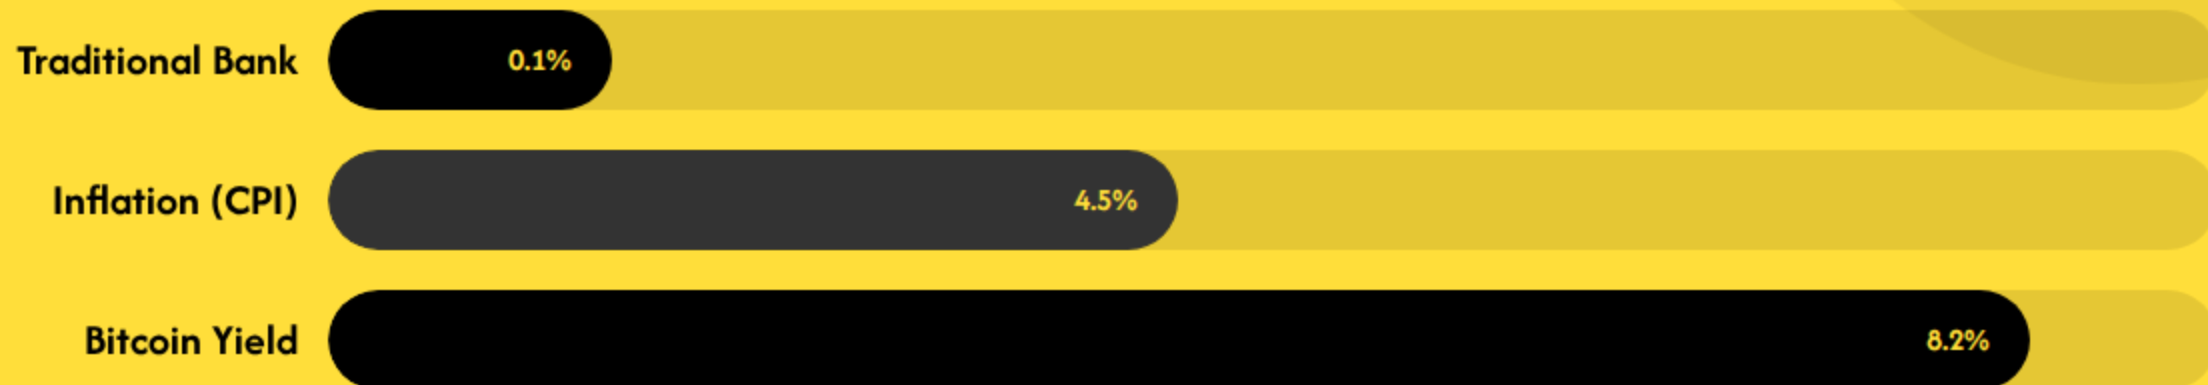

Security

Secure self-custodian bitcoin wallet

Banking vs. Bitcoin APY

Side-by-side comparison of real yield versus monetary erosion.

Insight: Holding cash in a standard savings account results in a **-4.4% real return** after inflation.

Instant Sats Converter

Global Fiat Input

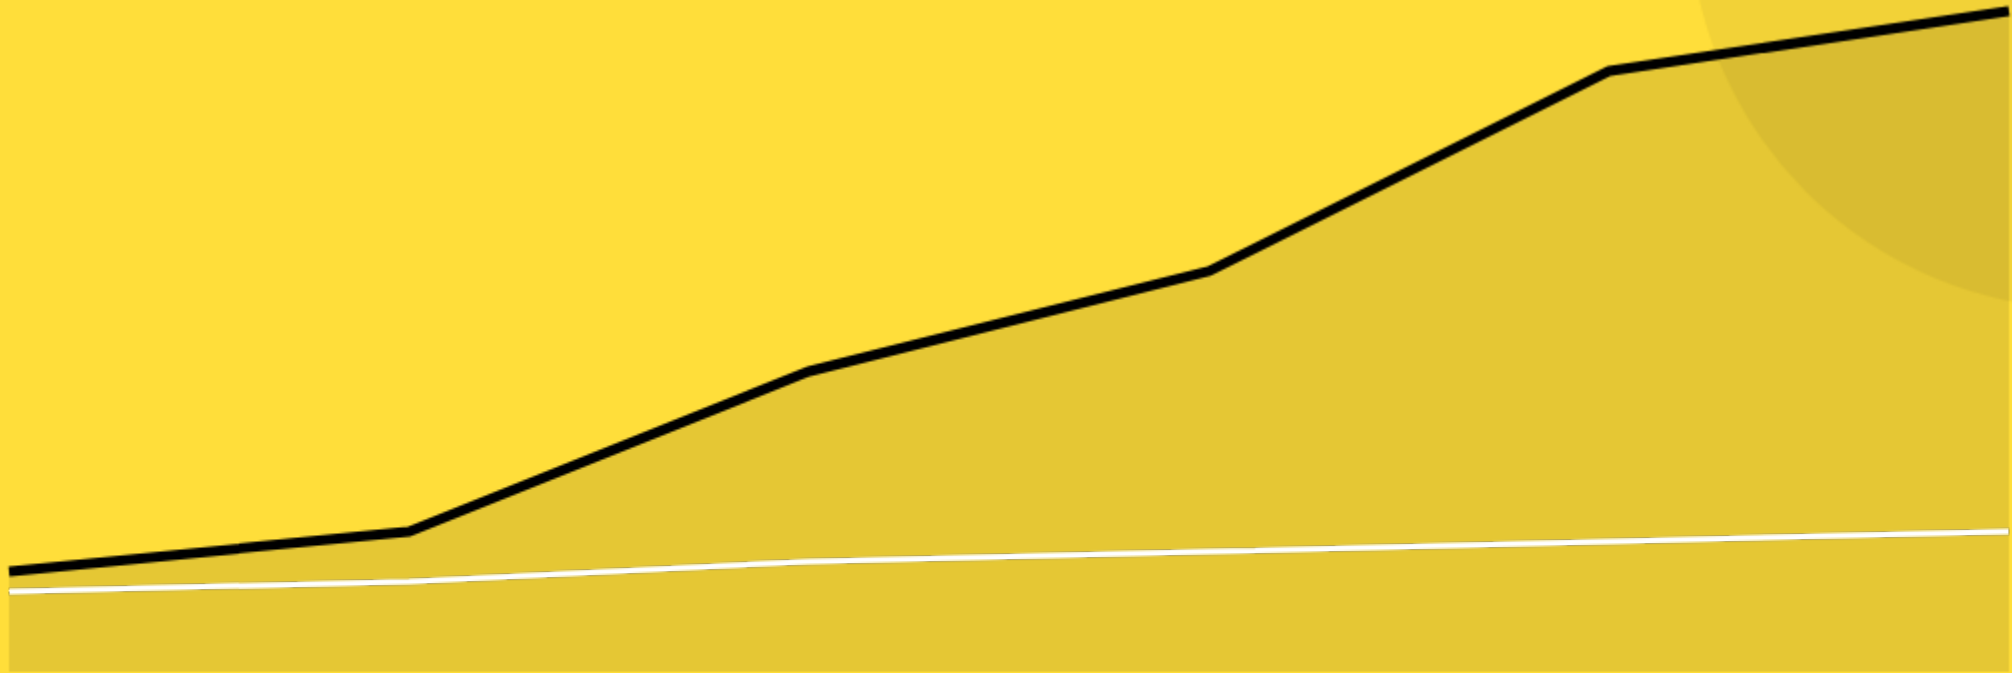

Support for USD, EUR, MXN, and 50+ currencies.
Real-time exchange rate pulling from top-tier APIs
ensures your conversion is accurate to the second.

Bidirectional Flow

Convert fiat to Satoshis or Satoshis to fiat instantly.
Designed for the daily user spending at Lightning-
enabled merchants or checking balances.

Asset Class Performance

● **Bitcoin** ● Gold / S&P 500

10-year return comparison across major global assets.

BTC Collateral

Unlock liquidity without selling your stack.

Avail. Loan: **\$12,645**

BTC Collateralized Loans

50%

Standard LTV Ratio

Liquidity without Selling

Access USD liquidity using your Bitcoin as collateral. Avoid capital gains taxes while keeping your long-term position intact. Our simulator calculates liquidation prices and interest costs across major lenders.

Dollar Cost Average (DCA)

The Power of Consistency

Recurring buys of Bitcoin over any period. DCA shows how a small weekly allocation outperforms market timing for 99% of personal investors.

- Interactive Start Date Selector
- ROI Percentage Calculation
- Sats Owned vs. Total Invested

DCA Simulator

Proof of steady stacking over time.

Total Invested

\$5,200.00

Portfolio Value

\$18,450.12

*Based on \$100/week DCA since Jan 2023.

Sats Converter

Instant bidirectional fiat to satoshis.

Amount in USD

\$1,000.00

Amount in Satoshis

1,538,461 sats

Salary to Sats Conversion

Annual Salary	Monthly Conversion	Sats Per Paycheck	USD Value (2025)
\$60,000	10%	~12,500,000	\$500
\$100,000	15%	~31,250,000	\$1,250
\$150,000	20%	~62,500,000	\$2,500

Real-time paycheck breakdown into Satoshi units.

Salary to Sats

Benchmark your labor in hard money.

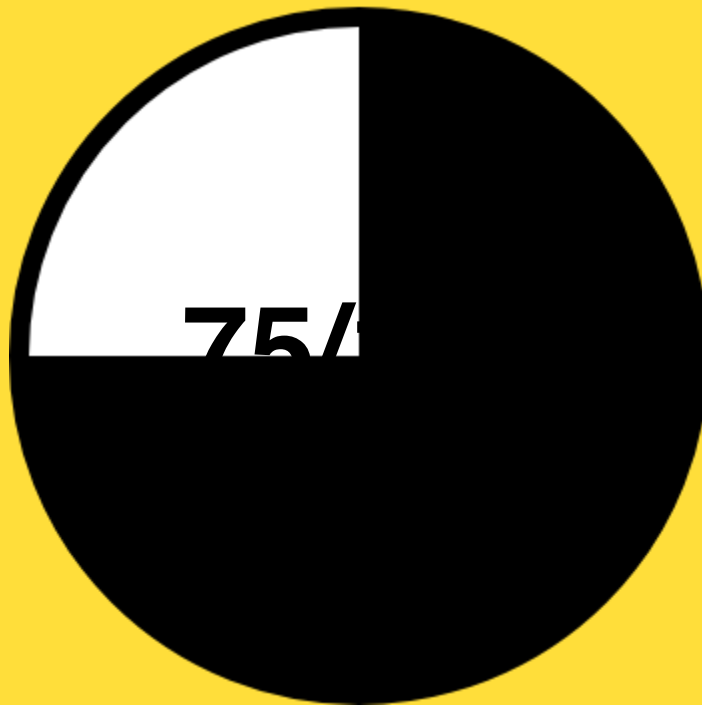

Your Hourly Rate:

76,923 sats /hr

Pay Frequency	Amount in Sats
Bi-Weekly	6,153,846 sats
Monthly	12,307,692 sats
Annual Total	1.47 BTC

Wallet Security Audit

Risk Exposure Check

Interactive score based on:

- Storage Type (Hot vs Cold)
- 2FA Configuration
- Seed Phrase Hygiene
- Exchange Exposure Level
